

# EDGE®

INDUSTRIAL WORK GLOVES

48-125 (white)

48-126 (black)

48-129 (grey)

LD

LIGHT DUTY

MULTI-PURPOSE

**EDGE® 48-125/48-126/48-129 industrial work gloves are an economical solution for light applications requiring a good level of abrasion resistance & grip, as well as high tactility in dry to slightly oily environments.**

**NEW and Improved  
now with Abrasion  
EN Level 4**

Made with a black, white or grey 15 gauge highly comfortable and dexterous polyester liner (depending on the application requirement).

EDGE® 48-125, 48-126 and 48-129 industrial work gloves combine a seamless knitted liner with elasticized knit wrist dipped into black, white or grey polyurethane coating.

This combination provides good flexibility and finger dexterity compared to cotton canvas or thick cotton gloves.

EDGE® 48-125, 48-126 and 48-129 is the efficient choice for an inexpensive light duty glove solution with quality features.

Size 6 to 11, identified by overedge color code.

#### Industries

- Automotive & Auto OEM
- Electronics
- Gas and oil
- Machinery & Equipment
- Utilities and Transportation

#### Applications

- Assembly of small pieces
- General handling
- Packaging
- Quality inspection
